Field 1 — Short Description (Next to the Photo)

Some days your mind's in one place, your body's in another, and your soul hasn't checked in yet.

Grant says the fix out loud — align your mind, body, and soul — with the seven energy centers glowing right there as the visual proof.

For the person actively doing the work to bring themselves back into one piece.

One mind. One body. One soul. Aligned.

Field 2 — Long Description (Description Tab)

Nobody talks about how exhausting it is to feel scattered across your own life — half in your head, half in your obligations, rarely all the way present. Grant names the actual goal instead of another vague "good vibes only": alignment, on purpose, across all three. That's Focus — one clear direction, not three competing ones.

Seven Centers, One Column

A full vertical run of the seven chakra symbols glows in rainbow color against black on one side, while bold, rounded type carries "Align Your Mind, Body and Soul" on the other — the column doing visually what the words say directly: everything, stacked, in order.

Focus means bringing your own scattered pieces back into one column.

The Perfect Gift for Someone Doing the Inner Work

There's a specific relief in finally feeling aligned instead of scattered — and that's the feeling Grant celebrates. He's for the friend deep in their yoga certification, the person who journals before the phone comes out, and anyone building a calmer relationship with themselves. Birthdays, new-practice milestones, or just because the alignment is showing.
